

Eric Durrant

Technology founder · A9 Intelligence · Agent9 ecosystem architect

Bermuda · Remote-friendly partnerships

Summary

Founder of A9 Intelligence building connected web properties, guided intake (Talk A9), internal operations (Ace9), and family lifestyle brands. Focus: Next.js monorepos, Railway delivery, lead capture, timeline publishing, and premium navy-and-gold brand systems.

Focus areas

Technology & platform

- Next.js App Router, npm workspaces, Turbo builds
- Railway deployment, volumes, and environment-driven canonical URLs
- Shared packages: `@a9/brand`, `@a9/ui`, `@a9/lead-capture`, timeline APIs

Automation & intelligence

- Ace9 command center — tasks, projects, team portal, intake queue
- Talk A9 guided intake with configurable vertical flows and voice (Web Speech)
- A9 Timeline ingest, drafts, cross-brand publishing, and Agent9 worker scripts

Family ventures

- The Durrant Family Craft (myfamilycrafts.net)
- Durrant Family AC landing and local HVAC SEO
- Ecosystem cross-linking and alias domains

Consulting

- Phased platform delivery for small business and internal teams
- Lead capture and CRM-ready inquiry pipelines
- Brand systems and customer-facing intake modernization

Selected ecosystem work

Project — Role

A9 Web Ecosystem — Monorepo architect — multi-app delivery

Agent9 Platform — Automation, timeline ingest, draft builder

Ace9 Admin — Command center, auth, Supabase persistence

myfamcrafts — Lifestyle brand site and journal timeline

Eric Hub — Personal/professional hub (this property)
